**Dr Frank Rosengaus Leizgold**  
**Plastic Surgery In Mexico,**  
**Member of various association**  
**General Coordinator of IMCAS America**  
**Representative of Mexico to the International Federation of Facial**  
**Plastic and Reconstructive Surgery Societies (IFFPRSS).**

Dr. Frank Rosengaus Leizgold graduated with honours from the National Autonomous University of Mexico with a medical degree in surgery in 1987.

He also received the “Gabino Barreda” medal awarded to students with a perfect average.

He continued his studies with a residency in otolaryngology, head and neck surgery at the Dr. Manuel Gea Gonzalez General Hospital and, in 1992, he completed his facial plastic surgery training in Beverly Hills, California.

Dr. Rosengaus works in private practice in Mexico and is a member of various associations, including the Scientific Committee of the International Master Course on Aging Science (IMCAS) in Paris, France. He is also the General Coordinator of IMCAS America and a representative of Mexico to the International Federation of Facial Plastic and Reconstructive Surgery Societies (IFFPRSS).

He is a renowned international speaker with a particular interest in facial anatomy and fillers who has contributed to the community with new concepts and recognized techniques. He regularly participates in various expert advisory committees and is a key opinion leader for Galderma, Matriful, Softfil and others.

He is the author of the book “The Rosengaus Method: Beauty That Breaks the Mold,” published by Random House Penguin Publishers and co-author of the book “Ethnic Considerations in Facial Plastic Surgery,” published by Thieme Editors.
